Nomination Deadline	September 30 for Spring Admission, February 10 for Fall Admission
Application Deadline	October 15 for Spring Admission, March 10 for Fall Admission
Selection Result	Late December for Spring Admission, Late June for Fall Admission

Regarding Grade Point Average (GPA)

Kyushu University uses Grade Point Average (GPA) on a 4.0 scale for academic evaluation. This scheme, as defined in the table below, is a credit-weighted average of grading points. The minimum requirement of all applicants (for School, Graduate School, JTW, JLCC and Q-PELS) is a GPA 3.2.

Grade Point	Assessment	Percentile Scale
4	Excellent	90 - 100
3	Good	80 - 89
2	Fair	70 - 79
1	Pass	60 - 69
0	Fail	0 - 59

If academic achievements are rated using a different system, applicants are requested to submit supplemental documentation which shows the scores converted into GPA on a 4.0 scale and explain how to calculate them, along with official transcript. This supplemental documentation is necessary to assess whether applicants satisfy the minimum requirement as exchange students.

Miscellaneous Information

Support Service for International Students	<p>Kyushu University offers various kind of support for international students, which is beneficial for new incoming students as well. Regarding Visa/Certificate of Eligibility for Status of Residence (CoE), the relevant information, how to apply for, will be provided to successful applicants.</p> <p>https://www.isc.kyushu-u.ac.jp/intlweb/en/student/visa *Japanese immigration law stipulates that international students with “student” visa have to spend at least ten hours in class every week.</p>
Housing	<p>On campus dormitories are available for exchange students. https://www.isc.kyushu-u.ac.jp/intlweb/en/student/housing</p> <p>*If applicants' enrollment period is until September/March, they are required to leave on-campus accommodation before the end of August/February due to the preparation of students coming next semester. Please check the website above for further information.</p>
Estimated Cost of Living per Month	<p>Housing and utilities: 15,000 - 50,000 yen Food: 30,000 yen (lunch at the school cafeteria runs about 400 yen, and students typically prepare their own breakfast and dinner at dormitories) Local transportation: 10,000 yen (individual spending habits may vary) Books and supplies: 5,000 yen (instructors typically provide reading materials in class) Health insurance: 2,000 yen Personal expenses: 20,000 yen (individual spending habits may vary)</p>
Health Insurance	<p>All international students are required to subscribe the National Health Insurance (NHI) Plan during the study period. By paying monthly premiums, subscribers are required to cover only 30% of their medical expenses. *We do recommend, however, that an exchange student considers buying travel insurance for emergency-related evacuation and repatriation costs, which NHI does not cover.</p>
Personal Accident Insurance for Students Pursuing Education and Research (Gakkensai)	<p>The students in Kyushu University are strongly recommended to purchase the “Personal Accident Insurance for Students Pursuing Education and Research (Gakkensai)”. This refers to cases where a student suffers a physical injury in Japan or overseas as a result of a sudden and unexpected accident of an external origin in the course of educational and research activities. Some science and engineering faculties require their students to purchase this insurance. Please follow the instructions of each faculty after enrollment.</p>
